# Terms of Sale

1. This is an unrestricted auction and mail bid sale conducted by Superior Galleries (**Superior**). Subject to SUPERIOR'S consent, all persons including consignors may bid.
  2. All material shall be sold to the highest bidder. If any dispute arises during or immediately after the sale of a lot, the Auctioneer shall have the right to recall the lot and put it up for sale again. In all cases Auctioneer's decision shall be final. For the bidder's protection, **no "unlimited" or "buy" bids will be accepted.**
  3. Auction sales are strictly cash in U.S. funds payable through a bank in the United States. **Lots must be paid for promptly.** No credit card purchases will be accepted. Bids cannot be accepted from those persons under eighteen (18) years of age without a parent's written consent who acknowledges the terms and conditions of sale herein.
  4. By bidding in this sale, bidder personally guarantees payment; and if a corporation is bidder, the officers and/or principals of the corporation agree to personally guarantee payment.
  5. Floor bidders and mail bidders who have not established credit with **Superior** must furnish satisfactory credit references or deposit twenty-five percent (25%) of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded.
  6. Bids must be for an entire lot. No lot will be broken up. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise.
  7. This is not an approval sale. Bidders are expected to keep and promptly pay for all lots for which they are the highest bidder as determined by Auctioneer. Floor bidders are encouraged to carefully examine all lots in which they are interested in purchasing since **no lot purchased by floor buyer may be returned, including those lots where the bidder is acting as agent for another, or to mail bidders who have examined the lot.** In no event may any lot be returned after thirty (30) days from the date of sale. Questions regarding the minting of a coin as a proof or as a business strike relate to the method of manufacture and not to authenticity. If a lot is to be returned it must be housed in its original, completely intact, sealed holder. Late remittance constitutes just cause for revocation of all return privileges for any reason.
  8. All items offered in this catalogue are guaranteed to be genuine. Claims to the contrary must be made in writing within three (3) days after receipt of material. No lot may be returned without prior written consent.
  9. Auctioneer reserves the right to open the lot at a reasonable price and to withdraw any lot.
  10. When identical bids are received by Auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid; a floor bidder must bid higher than the highest mail bid to be awarded any lot. Auctioneer reserves the right to refuse any bids at his sole discretion.
-

- 
11. Auctioneer cannot be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing and able to pay.
  12. Successful mail bidders will be awarded the lot at a nominal advance over the next highest mail or floor bid. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) that is invoiced to successful bidders.
  13. All lots delivered in the State of California are subject to local sales tax. When it is applicable, the final bid will be subject to local sales tax. Individuals purchasing lots for resale must submit an exemption certificate signed by the purchaser or his agent and recognized by the State of California, with their current resale certificate or number, or be subject to the local tax.
  14. Title to any lot remains with **consignor** until the lot is paid for in full. **Superior** reserves the right to require payment in full before delivering any lot to the successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer.
  15. In the event a bidder fails to make remittance promptly, Auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
  16. If the invoice for the auction is not paid for in full when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other collection costs incurred by **Superior**. The courts of Los Angeles County, California shall have exclusive jurisdiction and venue over any suit initiated by **Superior** to collect past due invoices and that the service of process by certified/registered mail, return receipt requested, shall be sufficient to confer "in personam" jurisdiction over bidder.
  17. All photographs in this catalogue are of the actual coins or currency being sold.
  18. Auctioneer reserves the right to postpone the sale by auction of the property for a reasonable period of time as the result of any act of war, natural calamity or significant relevant event which, in the judgment of Auctioneer, reasonably exercised, make it inadvisable to hold the auction as scheduled.
  19. Our ultimate liability for any item is the price paid.
  20. **Bidding in this sale constitutes acceptance by the bidder of all the foregoing terms and conditions of sale.**

Grading is an art and not a science. The grades herein represent our opinion based on our experience. Therefore, it is possible that two people will not always grade the same item alike. Also, as market conditions change, grading standards change, and may continue to do so in the future. Your examination of the item(s) should be the criterion and not the grade represented by another. In any purchase or sale, the value of the item(s) is determined by the price.

# Instructions for New Mail Bidders

If you have never used or mail bid system, here is an explanation. The procedure is quite simple. On the enclosed Mail Bid Form there is space provided for the lot number and the amount you are willing to bid. After carefully reading the description of the lot you wish to bid on, write down the lot number and the maximum amount you are willing to pay. For example, let us assume you are interested in bidding on Lot 1 and the maximum amount you are willing to bid is \$350.00, your bid sheet should be as shown on the right.

The bid which you enter is the “maximum amount” or top price that you are willing to pay for a lot (unless you have checked one of the percentage increase boxes). However, there is always the possibility that you may obtain the lot for less. As indicated in our **“Terms of Sale,”** we act as your agent and execute your bids as if you were at the auction in person.

Before mailing, check your bid sheet for accuracy. Make certain that you bid on the correct lot and that your bid is the maximum you are willing to pay.

Bidding by mail permits you to participate in the auction as though you were in attendance. Many rarities are obtained through the medium of auctions and it can be a very exciting as well as a rewarding method of obtaining wonderful items for your collection. We look forward to your participation in our sales.

Thank you,  
The Auction Department

## AN UNUSUAL OFFERING OF THE VERY RARE 1916 STANDING LIBERTY QUARTER

President Roosevelt felt our Barber coinage did not measure up favorably to the beautiful coins of our foreign neighbors, nor did it reflect our nation's resurgence of nationalism. A contest was held in searching for a new design. Hermon Atkins MacNeil's design was accepted.

As usually the case with a completely new coinage, many are saved for souvenirs and consequently high grade examples are quite common; i.e. 1909 VDB Cent, 1883 Liberty Nickel, and even the 1916 Mercury Dime. However, in the case of the newly designed 1916 Quarter, the public was not aware of them until the following year, consequently the 1917's were saved. In addition, after a short time in circulation the date wore off.

The 1916 has of course, the lowest mintage of all dates and mint marks, except for the overdate, it is the most sought after coin in the series, even more so than the 1918 over 17-S.

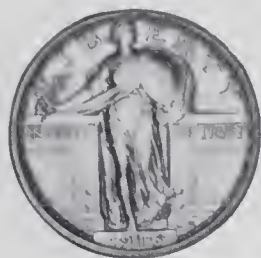

This is probably the largest offering of 1916 Standing Liberty Quarters to come to auction at one time and represents a wonderful opportunity to add one to your collection as virtually all grades are represented.

UNUSUAL TWENTY-DOLLAR GOLD COIN BOX

- 1869 **1873-S. About Uncirculated 50** or better. Made from two different coins, and the date of the coin, used for the reverse may or may not be the date of the coin used for the obverse. This piece is of exceptional workmanship, dating from about 1880 to 1890. Instead of a pressure point on the top of the reverse for release, this piece has a pin inserted in the border at 12 o'clock. When pressed it releases a spring that pops the reverse. A high quality product, crafted carefully and extremely rare. Could be used today as either a locket or a watch. From the Bowers and Ruddy, The Harbour Collection, Lot 1029 . . (\$1000-UP)

MAGNIFICENT 1921 DOUBLE EAGLE

- 1875 **1921. Mint State 65.** From Stack's Session of Auction '82, Lot 447 where it was accurately described as follows:  
*"Choice Brilliant Uncirculated. Blazing mint lustre with delicate coppery toning. A twin to, or marginally better than the example we sold in our March Sale. This exhibits the slight weakness in the edge device. As we brought out in our March Sale and now in this Sale, these two coins could conceivably be the finest ever sold at Public Auction. This specimen from the George Seymour Godard Collection and more than likely was obtained in the year struck."*  
 We expect considerable bidder interest on this great rarity. . . . . (\$30,000-UP)

## A MOST UNUSUAL OFFERING OF 1933-D OREGON TRAILS

The following lots represent what we believe to be the largest holding of 1933-D Oregon Trails ever offered.

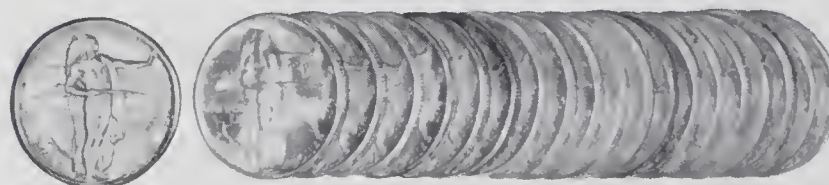

The Oregon Trail boasts one of the most beautiful designs in the entire Commemorative series and this date ranks among the lowest mintages. With only 5,008 pieces coined, the 1933-D has about half the mintage of the Hawaiian, Hudson and Spanish Trail. When you combine the scarcity of this issue with the high quality of this offering, a worthwhile numismatic investment is the result.
